PROFILE

20 Years of Excellence in
Natural Essential Oils & Cosmetics

About BIYÒKEA

Established in Ho Chi Minh City, Vietnam, BIYÒKEA has nearly 20 years of experience in the production and trading of natural essential oils and cosmetics. Our mission is to create green, clean, and safe products that nurture health and beauty.

Core Areas of Operation:

- Manufacture and supply of BIYÒKEA-branded products: natural essential oils, therapeutic massage oils, natural cosmetics, and spa/hotel/resort products.
- Contract manufacturing for leading domestic and international brands.
- Product experience services at BIYÒKEA Spa, Mikazuki Hotel, Da Nang, Vietnam.

Market Scope: Domestic and international markets.

Quality Standards:

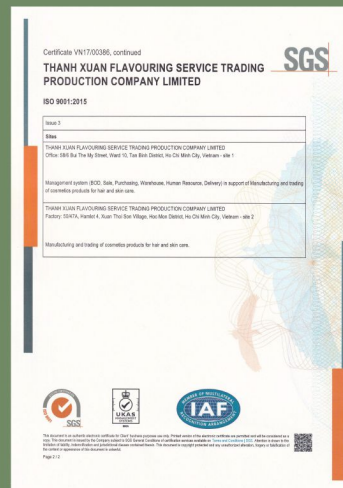

BIYÒKEA's factory operates under cGMP and ISO 9001:2015, also known as "Good Manufacturing Practices for Cosmetics." We are proud to be one of the few companies in Vietnam fully compliant with these high production standards.

We have invested in modern European-standard equipment for R&D, QA/QC, microbiology, and environmental monitoring. This ensures strict control over all raw materials and finished products, applied consistently across all BIYÒKEA lines and client-specific products.

CGMP Certification – Cosmetic

ISO 9001:2015 Certification

FDA Certification

Our experienced team of engineers and pharmacists, trained and experienced at major international cosmetic companies, contributes to product development, innovation, and post-sale consultation services.

All stages—from machinery and equipment, manufacturing processes, and workforce development to customer care—are consistently aligned toward a single objective: a strong commitment to building the BIYÒKEA brand and delivering Vietnamese products that meet international quality standards. This effort contributes to strengthening the reputation of Vietnamese-made goods, supporting economic integration under the TPP, and expanding into regional and global markets.

PURE ESSENTIAL OILS – REJUVENATING & REVITALIZING

Essential oils restore balance and energy to the body, supporting wellness in modern lifestyles challenged by stress, diet, and toxins.

Popular Oils: Lavender, Lemongrass, Cinnamon, Cajeput, Orange Blossom, Peppermint, Ginger, etc.

Applications: Saunas, baths, facial & foot steaming, aromatherapy, and cosmetic formulations.

MASSAGE OILS – AROMATHERAPY & WELLNESS

Body massage with essential oils is a method that brings women both physical and mental relaxation. It is a highly popular beauty and wellness therapy that helps stimulate blood circulation, deliver additional nutrients and oxygen to the body, and support detoxification.

Massage oils help relax the senses and reduce stress. They are a blend of essential oils and nutrient-rich carrier oils (such as olive, almond, and grapeseed), providing women with smooth, soft skin and a 100% natural aroma.

BIYŌKEA's wellness collection is formulated from essential oils such as Lavender, Geranium, Rosemary, Orange, Lemon, Grapefruit, Ylang-Ylang, and more - creating products recognized for their benefits to both mind and body.

UNSCENTED MASSAGE OIL (VARIOUS CARRIER OILS)

Includes carrier oils such as: grapeseed oil, jojoba oil, rice bran oil, coconut oil, avocado oil, argan oil, sunflower oil, etc.

The oils are extracted from 100% natural ingredients with no preservatives.

Rich in vitamins, moisturizes the skin, helps prevent and reduce wrinkles, rejuvenates the skin, fades dark spots, and leaves the skin soft and smooth.

GO GREEN WITH NATURAL COSMETICS

Currently, the demand for natural cosmetics is increasing. Chemical compounds are gradually being replaced by pure, natural ingredients such as herbal essential oils, aloe vera extract, emulsifying wax, honey, corn-derived extracts, licorice extract, etc.

The biggest advantage of natural cosmetics is their high compatibility with various skin types and high safety profile.

A brand recognized as natural cosmetics must undergo strict testing to ensure authenticity and to protect consumer health.

Especially for sensitive skin, natural cosmetics are a highly recommended choice.

Since the establishment of BIYÒKEA, we have defined our mission as delivering the key to beauty, love, and happiness — providing customers with the most trusted and high-quality beauty products from BIYÒKEA, one of Vietnam's leading premium cosmetic and essential oil brands.

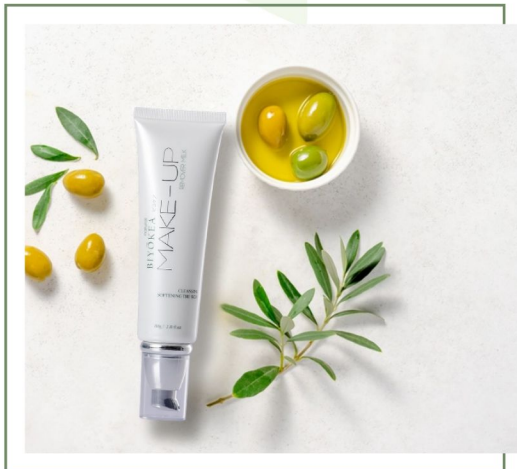

With BIYÒKEA's comprehensive Head-to-Toe Care Collection, produced on Japanese technology and compliant with cGMP (Good Manufacturing Practices) standards under the principle of "Top-Tier Quality", we aim to offer modern women naturally radiant, flawless skin — beautiful down to every millimetre, safe, and effective.
